

**10 years** of commitment, determination and loyalty to VeloYouth has set a new standard in the drive to make a difference that is palpable, lasting and viable for vulnerable youngsters in our community. We are proudly celebrating 10 years of changing lives, one lap at a time, one session at a time and one heartbeat at a time - beating in unison with the universal need to reach out and connect with others.

**San Diego VeloYouth** is the only values-based cycling program in San Diego County that serves at-risk kids and **we need your support**. By infusing goal-setting, cycling and daily achievement, the program proves that "STARS Create Possibilities" where Self-Respect, Teamwork, Achievement and Responsibility are the keys to Success.

We invite you to join us in our celebration so that together we can bring renewed energy and strength to SDVY. With your support, we will raise \$120,000 this year so that we can continue our mission and ignite a spark of hope and change in our kids.

You can help us get there and support the goal... *teaching values one lap at a time.*

"I learned that I can do more than what I think I'm capable of doing..."

Thank you from all of us at San Diego VeloYouth,

Tanya Landry  
President & Co-Founder
